## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 9 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Hansen (US 4,679,717).

Hansen teaches an apparatus for carrying a spare tire comprising a tire support for mounting a spare tire including at least one lug (55) and material (56) extending past the lug which supports the tire in a manner to permit the tire to rotate and be aligned with the lug. See col. 5, lines 8-35.
